*Secretary*

September 26, 2018

Dear Brothers and Sisters,

FOP Lodge 200 has started its 2019 membership renewal drive. Each year Lodge 200 continues to grow and strengthen its membership base. As we continue to move in a positive direction, the executive board's commitment and dedication will lead to another excellent year for FOP Lodge 200 members.

It is extremely important that all members renew their membership in a timely manner to prevent any lapse in member benefits. Those members with license plates and shields are strongly urged to renew early because New Jersey Motor Vehicle Commission regulations prohibit the display of FOP license plates and/or shield on any motor vehicle of an inactive member. During the month of December members will be contacted by an executive board member for 2019 membership packet distribution.

In order to update lodge records and ensure communications are being received, **it is required that all membership applications include** a copy of your **Active** or **Retired Law Enforcement Identification** in actual size and a copy **Driver's License with current address to matching the application**. Please include e-mail addresses on your membership application. This is the fastest way for the lodge to updated you on events, news, discounts, and issues that affect the membership. **There will be a \$10.00 late fee for any renewal not received by the lodge after October 26, 2018.**

FOP Lodge 200 executive board is committed to its members and is available to assist the membership in any way possible. Feel free to contact a Lodge 200 executive board member for assistance at (800)579-3294 or via e-mail which is available on the Lodge 200 website.

Membership renewal can be done by completing the enclosed application and sending it with check or money order to:

**FOP Lodge 200  
PO Box 454  
Bordentown, NJ 08505**

Fraternally,

Paulo Seabra  
Secretary  
FOP Lodge 200
